Number of Judges Assigned (General guidelines):

- **2 Judges** (25-35 gymnasts)
- **3 Judges** (45-59 gymnasts)
- **4 Judges** (60-80 gymnasts)
- **6 Judges** (80+ gymnasts)

*** If you want to alter from the guidelines above, you must discuss directly with the assigning judge. ***

Mileage:

- \$0.50 per mile.
- Carpooling is required for the judging groups. They can only charge for miles under a car pool system that would work in the clubs best interest. Any deviation for personnel reasons from this and the additional miles will not be covered.

*** If there are any concerns regarding the fees, please address with the senior judge at the meet or e-mail me during the week to address. ***

Number of kids:

- With the communication resources we now have, I expect clubs to give me a close expectation of how many kids will be coming for the sole purpose of assigning the correct number of judges the first time. This is an estimate, but you cannot just guess that it will be 10 kids per team. Seven teams could be 70 kids or just as easily 37 kids. I do not need exact counts, but we have to be certain to plan for the correct number of judges...our association judges have expressed that this is important to them. Payment is made on the final count that day.
