

MAGA modified rules:

- There is a 2.0 minimum score. Even if it is a void vault or routine, the gymnast receives a 2.0. If it is a low level meet with numerous void routines, feel free to rank the gymnasts from 2.0 – 2.5 depending on form and amount of spot if the coaches want you to. This can help the awards to be distributed better.
- For all age groups, a piece of plywood can be used under the spring board to mount on bars or beam.
- For all age groups, a single panel mat or manufactured spotting block may be used in place of a spring board for mounts on bars and beam.
- For novice and children age groups, a spring board may be placed on top of a single panel mat for mounting on beam only.
- If used, the panel mat, plywood, and/or spring board must be removed from the competitive area after the gymnast mounts.
- For novice and children age groups, there is no low height requirement for the vaulting table as long as it is set where it can be locked-in correctly.
- For novice and children age groups, there is no low height requirement for the beam as long as it is set where it can be locked-in correctly.
- Vault @ a 5.0 start value. Squat-on using hands, handspring off.

State Tournaments:

- Div 1-9: For individual events, break the tie first with Superior Judge score, then by the All-Around score. If there is still a tie, it stands. If a tie in the all-around, use superior judge scores to break ties. If still a tie, it stands.
- Team ties...go to 5 scores. If still a tie, it stands.
- Div 10: Tie is broken by the All-Around score only. If it is still a tie, it stands.
- Individuals: Tie is broken by the Superior Judge. If still a tie, it stands.
- Awards: Do not skip ties for awards. Example, 1 2T, 2T, 3, 4, 5,
